

## MiMTSS Data System Directions: Registration Form

This document provides directions for how to ensure you are registered within the MiMTSS Technical Assistance Center. This provides Michigan's Multi-Tiered System of Supports (MTSS) Technical Assistance Center with your contact information and professional roles. This registration process helps to expedite access to information needed for MTSS training records and will expedite the process of assigning login access for the appropriate individuals. Completing this registration form alone does **not** provide login rights to enter and access data in the MiMTSS Data System. Login access is assigned by an individual with the MiMTSS Data System Domain Administrator role. This is often an MTSS Coordinator, District Liaison, Principal, or Systems Coach.
