

Critical Features Checklist: Identifying Behavior Expectations

This document is intended to be used when providing feedback on school-wide behavior expectations. All of the critical features should be reflected in the school-wide behavior expectations. This checklist can be used to provide specific feedback on the building's expectations.

Table 1 Critical Features for Identifying Behavior Expectations - Place a check mark in the box if the feature was addressed or is evident in the development of the school-wide behavior expectations.

Check if present	Critical Feature
	3-5 overarching school-wide expectations, with 1-3 words per expectations
	Overarching school-wide expectations are comprehensive in scope and apply to ALL individuals in ALL school settings
	Expectations are stated positively
	Expectations reflect the values of the school community (staff, students, families)
	Expectations are contextually appropriate (age, level, culture)

Michigan's MTSS Technical Assistance Center is funded by the Michigan Department of Education and the U.S. Department of Education, Office of Special Education Program.
