

Communication with District Implementation Team

School Leadership Teams are prompted in school level content to capture communication that needs to flow up to the District Implementation Team (DIT) based on the training.

Accomplishments

Generate 1-2 accomplishments coming out of today's session that you want to share with your DIT.

Barriers

Capture any barriers to accomplishing your work that needs to be shared with your DIT for additional problem solving.

Designee

Who from your team has been designated as the communication link between your School Leadership Team and the DIT?

Michigan's MTSS Technical Assistance Center is funded by the Michigan Department of Education and the U.S. Department of Education, Office of Special Education Programs.
