

\$100,000 Practice Activity: Behavior Intervention Access and Effectiveness Monitoring Tool – Schoolwide Intervention Effectiveness

This document is intended to be used by School Leadership Teams and coaches in order to practice use of this tool. The Intervention Access and Effectiveness Monitoring Tool: Schoolwide Intervention Effectiveness assists teams in summarizing information about how well students are responding to intervention and how well interventions are being implemented. These data should be shared with the Intervention System Team or the School Leadership Team depending on the infrastructure of the school.

Intervention: Check-In, Check-Out

Table 1. Record the number and percentage of students schoolwide for the intervention indicated. Summary should be updated monthly.
