

2019 MTSS Recognition Summary

This document provides information about the Michigan Department of Education and MIBLSI 2019 Multi-Tiered System of Supports (MTSS) Recognition process and the resulting ISDs, districts, and schools identified for recognition.

Author: Michigan's Integrated Behavior and Learning Support Initiative (MIBLSI)

Version: 1.0

Date: April 2019

Summary

Michigan's Integrated Behavior and Learning Support Initiative is pleased to announce that 240 Michigan schools, 34 districts, and 10 ISDs have been recognized for their MTSS implementation based on ISD or district capacity from winter 2019 and school-level fidelity and student outcome data from 2017-18. Sites were recognized based on data entered into the MIBLSI Database. This year's MTSS recognition marks the second round of recognition organized by MDE and MIBLSI as we work to make continuous improvements to the system. In order to acknowledge a continuum of success and growth, we introduced three levels of recognition-gold, silver, and bronze.

Congratulations to all of these recognized sites for your outstanding efforts implementing MTSS! The dedication of everyone involved is to be commended. We encourage you to share this good news with your staff, students, as well as district and ISD leadership, families, and community partners. This document and a poster will also be shared at the 2019 MIBLSI State Conference to recognize your accomplishment. The complete list of recognized sites can be found below.

ISD Recognition

The table below outlines the criteria used to identify districts and ISDs for MTSS recognition based on Winter 2019 Capacity Assessment Data and school data from 2017-2018. Criteria are subject to change in the future to best reflect MDE's vision for MTSS in Michigan.

- A partnership with MIBLSI is not required.
- District MIDATA Acceptable Use Agreement must be signed and on record with MIBLSI.

2019 MTSS Recognition Summary (April 2019)
