District & ISD Request for Targeted MTSS Technical Assistance

How to Complete a Request for Targeted Technical Assistance

Requests for Technical Assistance (TA) must be submitted using the online form on the MiMTSS TA Center website by September 22, 2021. Requests submitted via any other format (email, fax, mailed paper copies) will NOT be reviewed. The online form is available on the [Targeted TA Request webpage](#).

Many of the questions have multiple components. The recommendation is to type out your answers in a Word Document and then electronically copy and paste your answers as plain text into the online form.

[Interest Survey for Targeted TA Request](https://forms.gle/Z7W6k9J3T9ZTu1KT6) (https://forms.gle/Z7W6k9J3T9ZTu1KT6) **must be completed by September 10, 2021.**

Question 1: Value Added

How do you envision participating in the targeted MTSS Technical Assistance will add value to existing efforts to improve student outcomes?

Question 2: Barriers

Describe any barriers (e.g., limited resources, competing initiatives, staff turnover, buy-in) that might prevent you from meeting the participation requirements.

Question 3: School List (for options 1-7)

List the schools seeking targeted MTSS technical assistance.

- School name
- School-level: elementary or secondary or both
- Grade levels included
- Principal name and email

Question 4

These are the required assessments for each targeted TA offering. The online survey will ask a series of questions for each required assessment relevant to the TA offering you select in question 1: current use (e.g., all schools, some schools, no schools) and commitment to new and sustained use. All live professional learning sessions will require an end-of-session evaluation. In addition, all participants will be asked to respond to a partnership feedback survey at the conclusion of the TA series. If you are requesting more than one TA support, you will see multiple pages (one per TA offering). More information about each required assessment is available in the document titled Targeted MTSS Technical Assistance Rationale for Required Assessments.
