

Shared MTSS Understanding Using the Practice Profile

Session 2

mimtsstac.org

Acknowledgments

The content for this training day was developed based on the work of:

- MDE's MTSS Practice Profile

Group Expectations - Virtual

Be Responsible

- Return from breaks on time
- Active Participation
 - Use participant features of raise hand, thumbs up, etc.
 - Type short answer or questions in chat box
 - Respond to poll questions, if provided

Be Respectful

- Limit use of chat box to essential communication
- Please refrain from email and internet browsing
- Place your phone and other devices on mute and out-of-sight

Training Effectiveness

- At the end of the session you will be asked to provide feedback on today's training
- Results will be used to make improvements to professional learning and for reporting to TA Center stakeholders
- Trainers will provide a preview of the survey and provide you with the link at the end of this session

Diversity and Equity

- One of the feedback questions you will see for all of our professional learning sessions is:
 - The session promoted and positively portrayed diversity among educators and learners (strongly agree, agree, unsure, disagree, strongly disagree, optional comments)
- We are collecting baseline data to inform improvements to our MTSS professional learning to promote equity and inclusion

Purpose

This webinar series is designed to prepare ISD leaders and staff to understand the MDE MTSS Practice Profile and use it as a starting point for creating internal capacity to develop and support the use of the components with an MTSS framework.

Intended Outcomes

- Identify the five MTSS Essential Components
- Relate the critical information within the Essential Components with additional MTSS related professional learning available to ISDs for capacity-building efforts
- Measure staff readiness to begin to develop a plan for MTSS Implementation efforts

Agenda

Session 1

- 1.0 Why MTSS?
- 2.0 MTSS Essential Components & ISD Supports

Session 2

- 3.0 Interactive Review
- 4.0 Available Technical Assistance
- 5.0 Readiness: Potential Next Steps

3.0 Interactive Review

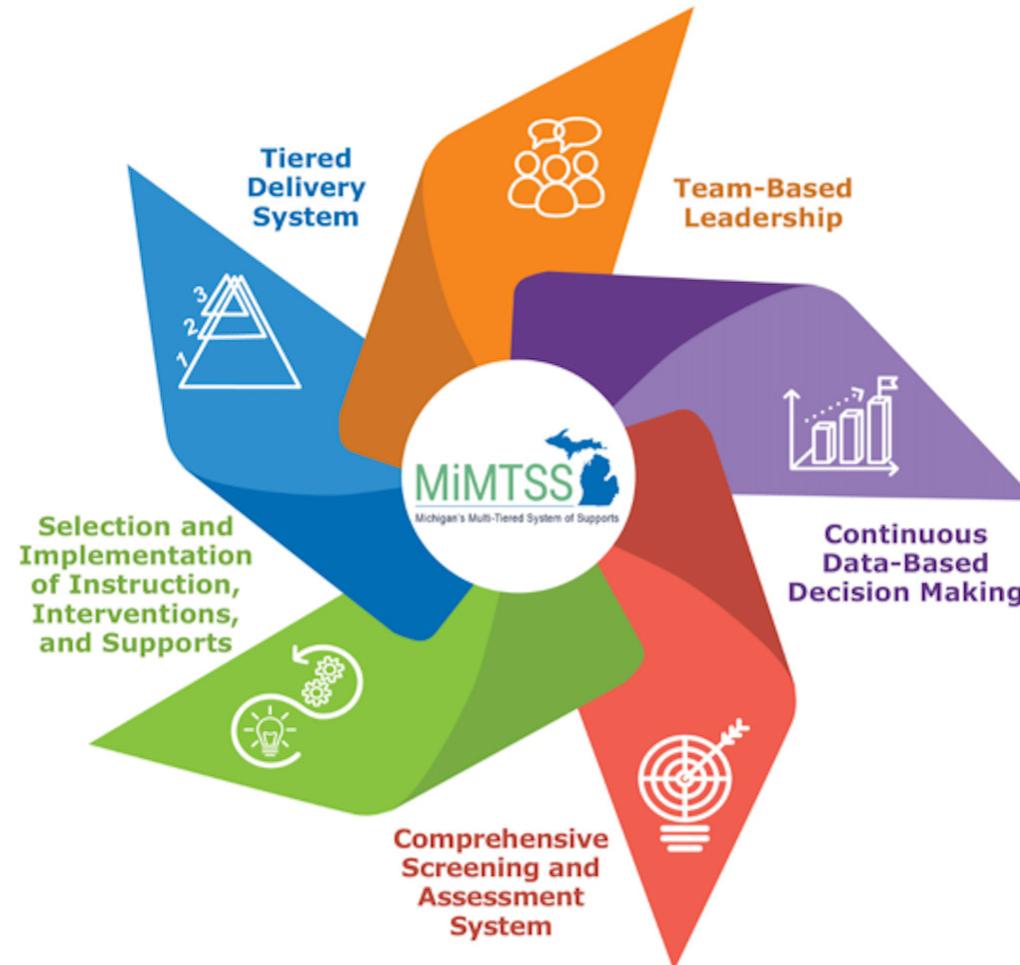

Activity 3.1

Without referencing materials, write down:

- The 5 essential components of MTSS
- The essential component that is unique to MTSS
- At least 2 talking points if asked, “why should we implement MTSS?”
- An elevator speech about the MDE MTSS Practice Profile and its value to educators in Michigan

Recall: MDE MTSS Practice Profile

(MDE, 2020)

4.0 Available Technical Assistance

Types of Technical Assistance

Universal

- One-time virtual session with no requirements outside of attending the event
- Materials accessed independently (newsletter, guidebook, etc.)
- Content areas: Behavior, Reading, and Measures & Data Systems

Targeted

- One-time events on specified content to meet an identified need
- Partnership agreement w/ mutual commitments
- May include additional work outside of the event (collection of data, check in, etc.)
- Content areas: Behavior, Reading and MTSS Neutral

Intensive

- Multi-year relationship/agreement between MiMTSS TA Center and TA recipients
- Prescribed series of activities, assessments, and data systems are implemented to reach a valued outcome
- Work outside of events

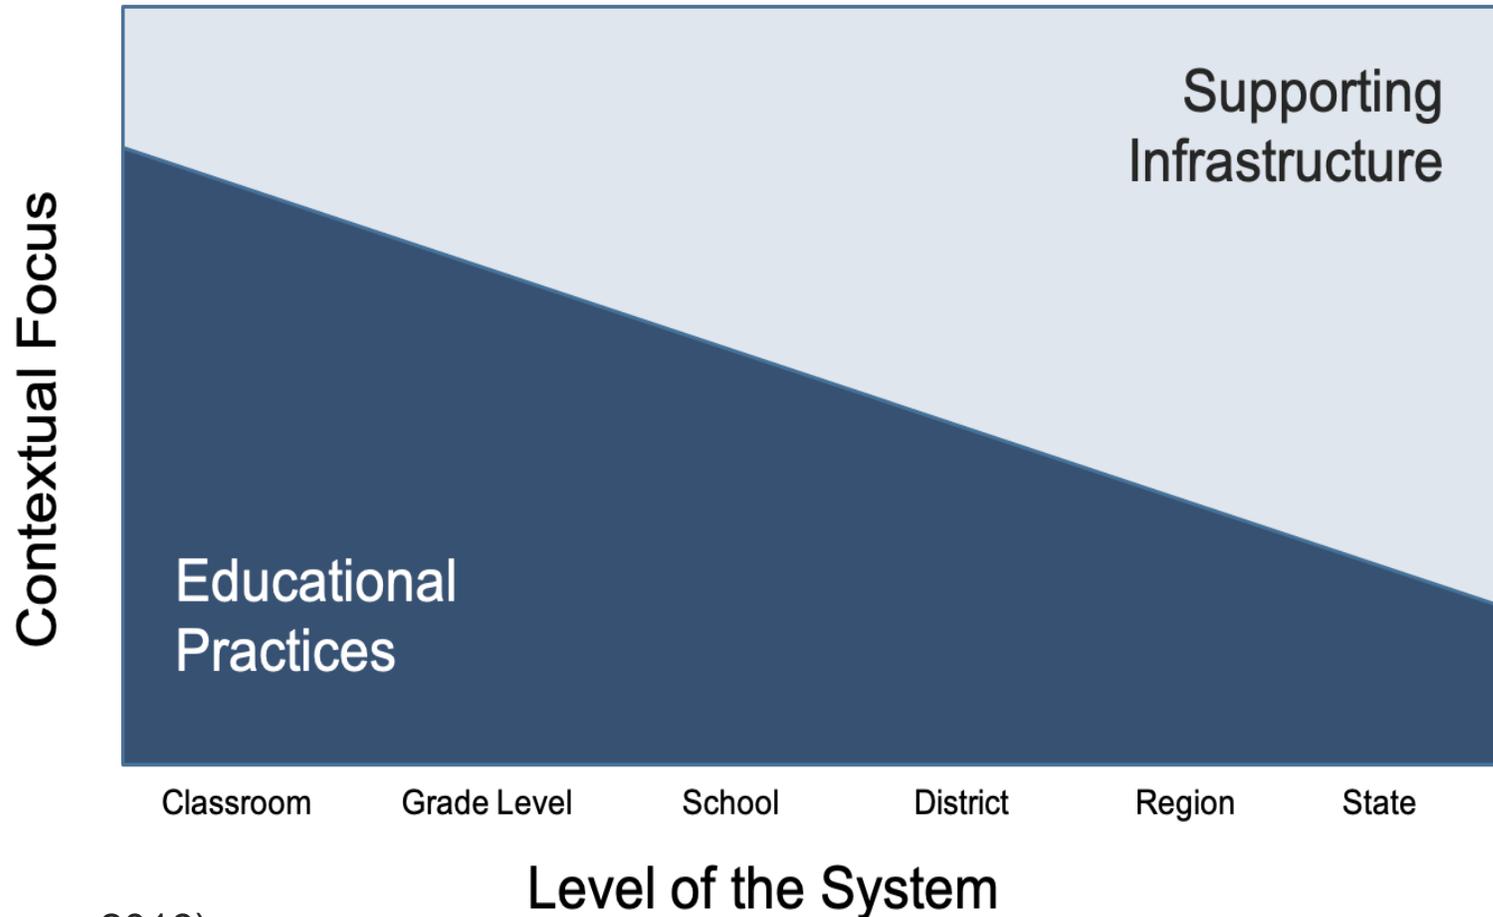

Leveraging TA to Meet your Regional Needs

- MTSS is complex
- Contextualizing is necessary
- ISD and Districts may access technical assistance at various, “entry points” with the MiMTSS TA Center
- 31a funds can be leveraged to provide research based professional development that supports MTSS

Your entry point for MTSS TA should match your regional need

Alignment Across the Cascade

Framework for Addressing Practices and Supports

(McIntosh & Goodman, 2016)

Identifying Regional Needs

- **Review of the MTSS Practice Profile**
- District MICIP Plans
- Available Data
 - District Capacity Data (DCA)
 - Fidelity Data (R-TFI, SWPBIS TFI)
 - Student Outcome data

ISD Support: Team Based Leadership

Example ISD Supports	Technical Assistance Available
<ul style="list-style-type: none">• ISD supports internal staff and district staff in paradigm shift and communicates vision for MTSS• ISD staff serves as external coach to a district implementation team.• ISD Supports districts with removing barriers to MTSS• ISD supports the development of district and school-level implementation teams	<p>Today's learning (pg. 33)</p> <p>District Installation Capacity Building (pg. 47)</p> <p>DIT Installation Series (District TA)</p>

ISD Support: Tiered Delivery System

Example ISD Support	Technical Assistance Available
<ul style="list-style-type: none">• ISD provides training to districts about data, systems and practices across Tiers 1, 2 and 3.• ISD supports data, systems and practices across tiers.	<ul style="list-style-type: none">• PBIS State Trainer Network Tiers 1-3 (pg. 39-40)• FBA & BIP State Trainer Network (pg. 35)• TFI Training (pg. 26-30)• Explicit Instruction Stage Based Planning (pg. 45)• Attending Tiers 1-3 with a district (School TA)• Integrating Trauma Informed Practices into Tier 1 PBIS (School TA)

ISD Support: Selection & Implementation of Instruction, Interventions & Supports

Example ISD Support	Technical Assistance Available
<ul style="list-style-type: none">• ISD supports districts in developing and using a Review/Selection Process to objectively select/deselect initiatives• ISD serves on a district team using a review/selection process providing expertise in areas like: academic/content area, behavior, mental health, data measures	District Installation Capacity Building (pg. 47)

ISD Support: Comprehensive Screening & Assessment System

Example ISD Support	Technical Assistance Available
<ul style="list-style-type: none">• ISD collaboratively develops screening and assessment system alongside district, taking into consideration resource allocations and unique contexts of districts including which content area MTSS is being applied to.• ISD builds internal capacity around some MTSS measures and local district builds capacity around other measures	<ul style="list-style-type: none">• DIT Installation Capacity Building (pg. 47)• Measures and Data Systems offerings (ISD and/or District TA) (pgs. 20-30)

ISD Support: Continuous Data Based Decision Making

Example ISD Support	Technical Assistance Available
ISD supports district with MTSS data collection, organization and how to use data for decision making as part of the MICIP process	<ul style="list-style-type: none">• MTSS Supports for MICIP webpage• MICIP Process Guide• Measures and Data Systems offerings (ISD and/or District TA) (pgs. 20-30)

Identifying Regional Needs through MICIP Plans

- Review of the MTSS Practice Profile
- **District MICIP Plans**
- Available Data
 - District Capacity Data (DCA)
 - Fidelity Data (R-TFI, SWPBIS TFI)
 - Student Outcome data

MICIP Indicator Example 1

Several districts across the region identify behavior as an area of need (increase in office referrals, suspensions & expulsions). Plans reveal that several practices have been adopted across districts, but it is noted that the practices have not been embedded into a tiered delivery system.

Depending on the current capacity of the ISD, the ISD might consider:

- Tier 1, 2 and/or 3 School-wide PBIS State Trainer Network (pgs. 39-40)
- Integrating Trauma-Informed Practices into Tier 1 PBIS (pg. 36)
- Encouraging districts to attend Tier 1 Behavior Components of MTSS (pg. 38)

MICIP Indicator Example 2

Districts identify a need to develop district systems/infrastructure to support implementation/sustained use of MTSS.

For some districts, Tiered Fidelity Inventory Data reveal that PBIS and School-wide Reading fidelity has varied greatly in the past 3 years with scores ranging from 40%-80%.

- Depending on the context, the ISD might explore:
 - DIT Installation Capacity building (pg. 47)
 - Encouraging a district to apply for targeted DIT Installation with the MiMTSS TA Center (pg. 48)
 - Encouraging a district to apply for intensive technical assistance with the MiMTSS TA Center (pg. 7)

MICIP Example 3

District MICIP plans indicate a need to strengthen MTSS, but fidelity data are not being collected and it has been some time since professional learning has occurred in the region, specific to MTSS.

Depending on the context, the ISD might explore:

- Tier 1, 2 and/or 3 School-wide PBIS State Trainer Network (pgs. 39-40)
- PBIS TFI Tiers 1-3 (pg. 22-23, 28-30)
- Reading TFI (pg. 26-27)

Identifying Regional Needs through MTSS Data

- Review of the MTSS Practice Profile
- District MICIP Plans
- **Available Data**
 - District Capacity Data (DCA)
 - Fidelity Data (R-TFI, SWPBIS TFI)
 - Student Outcome data

Review Available Data

Behavior Fidelity				Behavior (most recent scores)
<u>SWPBIS TFI Total</u>	<u>SWPBIS Tier 1</u>	<u>SWPBIS Tier 2</u>	<u>SWPBIS Tier 3</u>	<u>Major Referrals/100 Students/Day</u>
				3.74
50%	70%	46%	35%	
60%	87%	54%	41%	1.70
41%	57%	50%	21%	1.14
66%	87%	4/20/2021	35%	0.35
76%	93%	85%	53%	0.40
49%	83%	19%	41%	0.10
83%	93%	81%	76%	0.03
30%	43%	31%	18%	0.00
59%	73%	54%	50%	1.07
49%	60%	62%	29%	0.17
71%	80%	73%	62%	1.33
74%	83%	69%	71%	0.55
9%	27%			

Institutionalizing

As districts learn how to build infrastructure to support MTSS and apply MTSS to a specific area like reading or behavior, a best practice is to have written systems, processes and procedures to institutionalize them.

- Permanent products are important for:
 - Clarity
 - Transparency
 - Continuous Improvement
 - Sustainability
 - Accountability-internal and external (31a)

Opportunity for comprehensive planning

TA Offering: MTSS Strategic Planning for County/Region-wide Implementation (pg. 49)

- 3-5 year plan
- Brings ISD leaders together to create a shared vision for MTSS Scale up
- Infuses Implementation best practices into MTSS Planning with support to your ISD staff from MiMTSS staff
- Accounts for various levels of background knowledge
- Will support readiness

Context and Capacity Considerations

As part of the MiMTSS TA Center supports in developing an MTSS Strategic Plan, questions like these would be asked:

- What MTSS work/teams already exists in your region?
- Which content areas are districts interested in applying MTSS to?
- What might the ISD already have capacity to support?
- What types of TA might the ISD want to leverage to meet districts' needs as the ISD works to build capacity?

Initial Strategic Planning Partners

Char-Em ISD

- Brought together leaders across the ISD
- Structured plan around goals related to capacity building
- District and school-level MTSS implementation exists in the region
- Entry point: prepare to coach districts around district infrastructure

Monroe ISD

- Brought together leaders across the ISD
- Structured plan around stages of implementation
- District and school-level MTSS Implementation did not exist in the region
- Entry point: Early Childhood MTSS

Activity 4.1

You will be put into random breakout rooms

- Based on what was shared so far today:
 - Share 1 thing you are thinking about for your ISD related to MTSS
 - Share 1 thing you or your ISD might want to dig into further

5.0 Readiness: Potential Next Steps

Communication Consideration

- Developing a Multi-Tiered System of Supports is big work
- Who else might benefit from digging into the MDE MTSS Practice Profile and/or the MiMTSS TA Center Catalog from your ISD?

Building Shared Language and Understanding

Consider inviting internal ISD staff as well as local district staff to come together to engage in some shared learning, starting with the practice profile

- Jigsaw each essential component and ask staff to write down takeaways, questions and thoughts on how it might impact their role
- Dig into each essential component and ask guiding questions like, “how does this currently look?” or “What might we need to move towards this?”
- Revisit the Guiding Principles of MTSS outlined in the MiMTSS FAQ and discuss how these align with the mission and vision of the ISD

Identify Regional Needs

- Revisit your starred ISD activities
- Review MICIP plans and/or
- Review any available MTSS data

Consider a need for ISD staff to come together and develop a Strategic Plan for Regional MTSS Implementation

Seek out TA that matches the needs of your context

Activity 5.1

Take 2-3 minutes to think and/or jot yourself some notes.

- What do you see as next steps for your region?
 - Add one idea to the chat
- Who is one additional person you might have a conversation with about this work?
