

## Fall 2021 MTSS Stakeholder Input Surveys

The MiMTSS Technical Assistance Center wants to hear from you! To provide high-quality, differentiated Multi-Tiered System of Supports (MTSS) assistance to educators and leaders across the state, the TA Center seeks information from teachers, district leaders, ISD leaders, and state associations and organizations. We will use the information gathered to inform professional learning topics, resources, and implementation supports relevant to schools/districts and ISDs that, when possible, are contextualized to meet regional needs.

We are seeking input from four stakeholder groups: ISD staff, District staff, staff working directly with students, and state-level organizations. Please access one or more of the surveys below matched to your role. Please consider completing a survey even if you are not sure how much you know about MTSS or the TA Center. We mostly want to hear about your priorities and needs.

- [Survey for Staff Working Directly with Students](#): For example, teachers, interventionists, ancillary staff (psychologists, social workers, counselors, nurses), paraprofessionals, and school administrative assistants (including staff working in ISD-based programs/schools).
- [Survey for District Leaders](#): For example, District executive leadership roles, MTSS, SEB, PBIS, literacy leadership, and continuous improvement roles, school board members, union leadership, and school principals.
- [Survey for ISD Leaders](#): For example, ISD executive leadership, MTSS, SEB, PBIS, literacy leadership, and continuous improvement roles, ISD school board, and union leadership.
- [Survey for State Level-State Organizations](#): For example, state organizations such as SEAC, MAISA, MASB, MAASE, MASP, SWFT, and other Grant Funded Initiatives.

If you have questions, please contact: Cheyne LeVesseur, Ph.D., Research and Evaluation Specialist, [clevesseur@mimtss.org](mailto:clevesseur@mimtss.org)
