

Initiative and Innovation Alignment and Review Prework and Reflection Questions

The document provides reflection questions to support District Coordinators when viewing recorded modules and completing pre-work prior to coaching support sessions.

Recorded Modules

Consider each of these questions as you watch the pre-recorded modules.

1. How are decisions around curriculum and initiative selection currently made?
2. Do you anticipate staff might struggle with the use of a formal district process for aligning and reviewing initiatives and innovations?
3. What would be the benefits of having an initiative inventory and alignment process in your district?
4. What would be the benefits of having an initiative and innovation review process in your district?
5. Record any additional thoughts our questions you had based on your learning.

Connection to the DCA

Access the District Capacity Assessment. Review the 2-point criteria for each of the items listed below. Make note of where your district is at with each of these items and any questions you might have related to the item.

Table 1. Connecting prework to DCA items

DCA Item	Current Level of Implementation (i.e., existing processes, procedures)	Questions
Item 5: District has a written process for selecting EIs		
Item 6: District has a written process to align EIs
